Model No.: VI-BM-24C3

## Connection diagram

## DIP switch settings

---

4	5	Screen Size
OFF	OFF	6.5 inch(800*480)
OFF	OFF	8.8 / 10.25 inch(800*480)
Set DIP 1/2/3/6/7/8 OFF by default		

***NOTE!*** Please disconnect & reconnect interface's power after changing any DIP setting.

## How to switch menu between OEM & Add-on

---

Press and hold "**MENU**" or "**BACK**" button on iDrive controller for 3S to switch menu. It will also switch to add on interface automatically after plugging a mobile phone or USB stick.

**NOTE!** Make sure audio source switch to “AUX in” mode on original car stereo for audio transmission before using the integration.
